Background

Envisioned by the Pearland Convention & Visitors Bureau, twenty fiberglass cast pears artistically painted by local artists have been placed in ten locations throughout Pearland. The goal is to promote cultural tourism and community pride and providing visitors with the beauty of pears.

An initial committee was created and developed the criteria and pear design mold. The Pearland Convention & Visitors Bureau funded the initial cost of the twenty pears from the City's Hotel Motel Occupancy Tax and oversees the Pear-Scape project. The remaining funds for Pear-Scape were raised through pear sponsorship levels, which consisted of gold, green and community donations. We thank all of those involved!
